### Cutting Directions:

- In order to create the circular motion and the design shown each Crazy Block is made in the same color scheme. This is not a “scrappy” design.
- You can cut several colors at a time as long as the layers do NOT overlap. For example, you can:
  - Cut shapes A, C, E, and G at one time
  - Cut shapes B, D, F, and H at one time
  - Cut the center shape I separately
- All fabric should be laid right sides UP as ALL pieces are directional
