

Chevron Crochet Blanket Pattern

This is a friendly, yet cautionary warning that the way this chevron works up *you will have many ends to weave in*. Several of my testers decided to do color blocks instead, crocheting ~12 rows the same color before switching colors, instead of every single row.

Chevron Materials:

Brava Worsted Yarn

Color A: Linked Double Crochet rows (silver)

Color B: Half Double Crochet rows (rust)

Color C: Bead Stitch rows (navy)

Color D: Crossed Double Crochet rows (teal)

Crochet hook in size H/5mm

- Crossed Double Crochet
- Half Double Crochet

Dc2togdown = Decreases at bottom points of chevron. YO, insert hook in next st, pull up a loop. YO, pull through two. (2 loops on hook). Fpdc around decrease 2 rows down, leaving 2 loops on hook. YO, skip next st, complete dc2tog in next st. See step-by-step photos below.

DcIncUp = Increases at top points of chevron. Dc in next st, Fpdtr around center st 2 rows down, dc in same st as first dc. See step-by-step photos below.

Difficulty:

This pattern is not particularly difficult to crochet, but it does require counting and knowledge of all basic (and some advanced) crochet stitches. For this reason I am calling this chevron an intermediate level crochet pattern.

Dc2togdown Step 1: Start a double crochet, leaving two loops on the hook.

Dc2togdown Step 2: Yarn over twice, insert hook around post of center-most stitch (or the post stitch from 2 rows down), and pull up a loop. (5 loops on hook)
Yarn over pull through two, yarn over pull through two, yarn over pull through two. (2 loops on hook)

Dc2togdown Step 2 completed!

Dc2togdown Step 3: Yarn over, skip the next st, pull up a loop in next stitch. (4 loops on hook) Yarn over pull through two, yarn over pull through all three.

Dc2togdown DONE!

DcIncUp Step 1: Dc in next (top center) stitch.

DcIncUp Step 2: Yarn over three times, insert hook around post of center-most stitch (or the post stitch from 2 rows down) and pull up a loop. (5 loops on hook) Yarn over pull through two, yarn over pull through two, yarn over pull through two, yarn over pull through two. (1 loop on hook)

DcIncUp Step 3: Place a regular dc in the same space as step 1.

DcIncUp DONE!
